Welcome to the Blackhat Briefings USA 2012
SynchVue® DVD-ROM Content Discs

Please insert the Introduction/Install Disc if you do not have the correct versions or are unsure of what versions you have.

Warning! Installing software may require you to restart your computer.

For your convenience, MP3 files of the recorded audio sessions can be found on the Introduction/Install Disc.

QuickTime® 7.6 must be installed to view the recorded presentations!
